Dear Old Rhodes High,
 Thy wisdom lights our path.
 Thy friendships true
 Stay with us to the last.
 We stand united
 In our purpose true,
 Loyal and faithful
 To the white and blue.

Metamorphosis (met'ə-mor'fə-sis), n.
A change in form, structure, or function as a
result of development, as in the change from
caterpillar to butterfly.

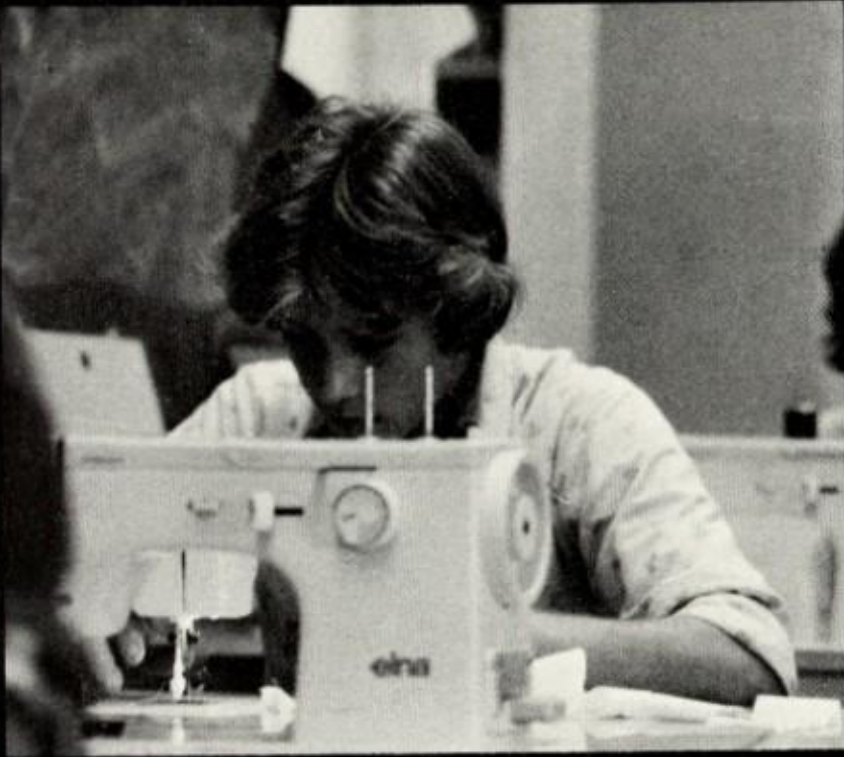

From a secure and protected environment, we are eager to shed our cocoon and emerge into the outside world. But even as we look toward the future, there are moments in our past that cannot go unrecognized.

As we felt our way slowly, much as a caterpillar, we witnessed extreme changes in our surroundings. We developed from babies to adolescents, from adolescents to adults. Learning and playing went hand in hand in elementary school, but plastic fluto-phones gave way to band instruments, and playing house to home economics.

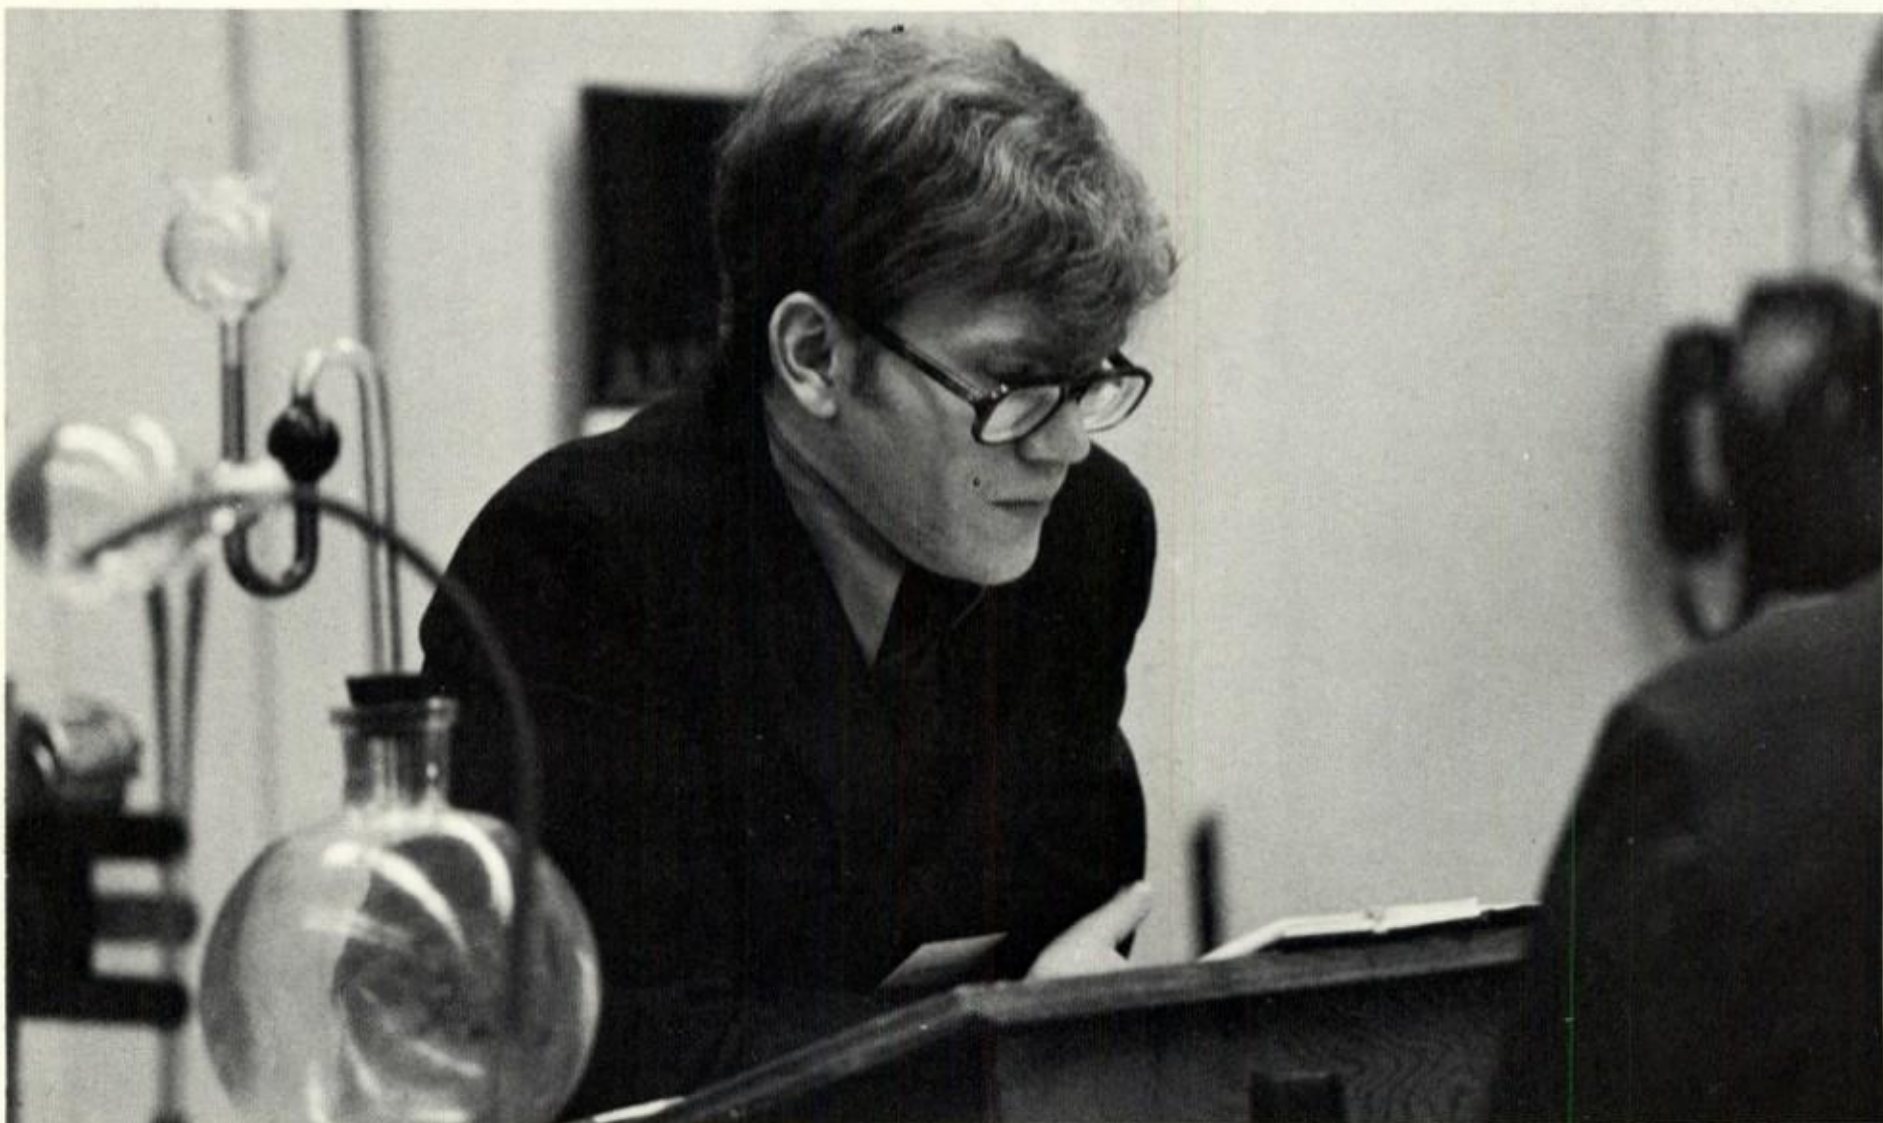

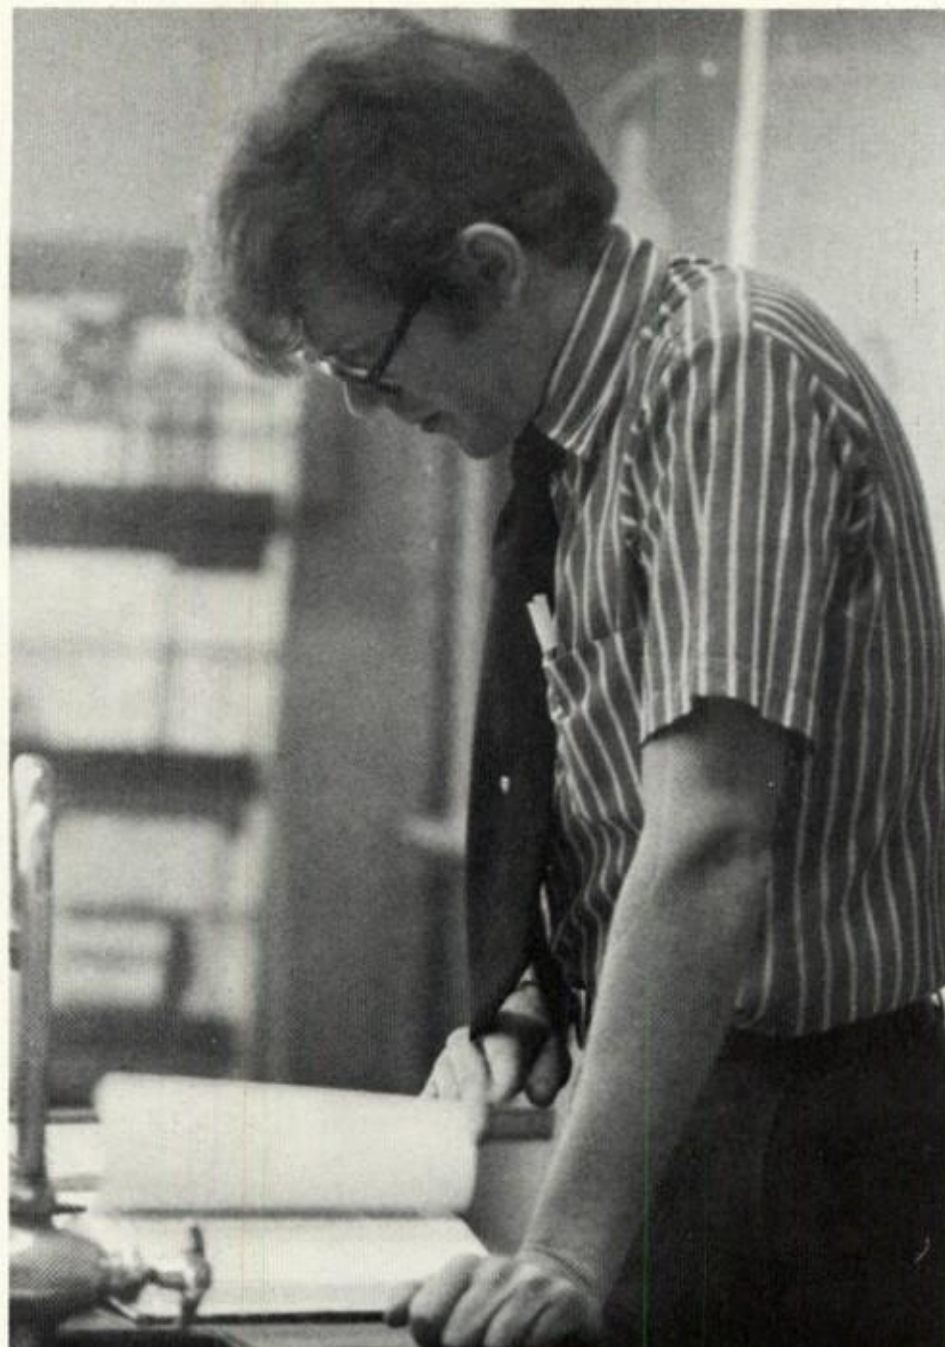

Our secure environment has been penetrated by the influences of campus unrest, changing sex roles, and political corruption. These forces have brought us to recognition of the way things are, but until our cocoon opens and we are thrust into the outside world, we will not realize their full significance. With this increasing awareness of society, we are leaving Rhodes, prepared to adapt to other situations, to live our lives, to achieve our goals. But first, one last look at our final year of security . . .

We Dedicate Our Yearbook to . . .

We would like to dedicate our yearbook to Mr. De-Colibus. To us, he wasn't just a teacher. He was a true friend, who possessed a keen ability to listen and to understand us. We'll always remember him for his kidding around, chess playing, photographic work, and his friendliness. When we look back at our years in high school, we will remember the good times and we will remember Mr. Richard DeColibus, W.D.

While these transformations have taken place around us,
we too have been transformed. Our years in high school
have taught us . . .

To question and probe . . .

To listen and understand . . .

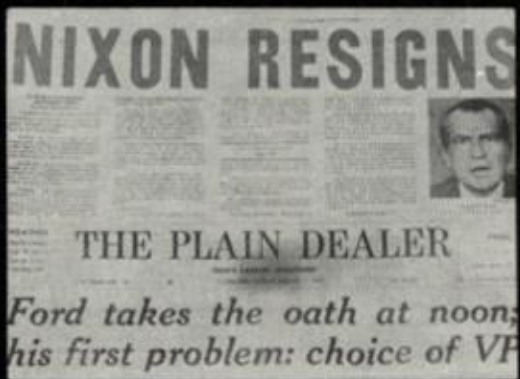

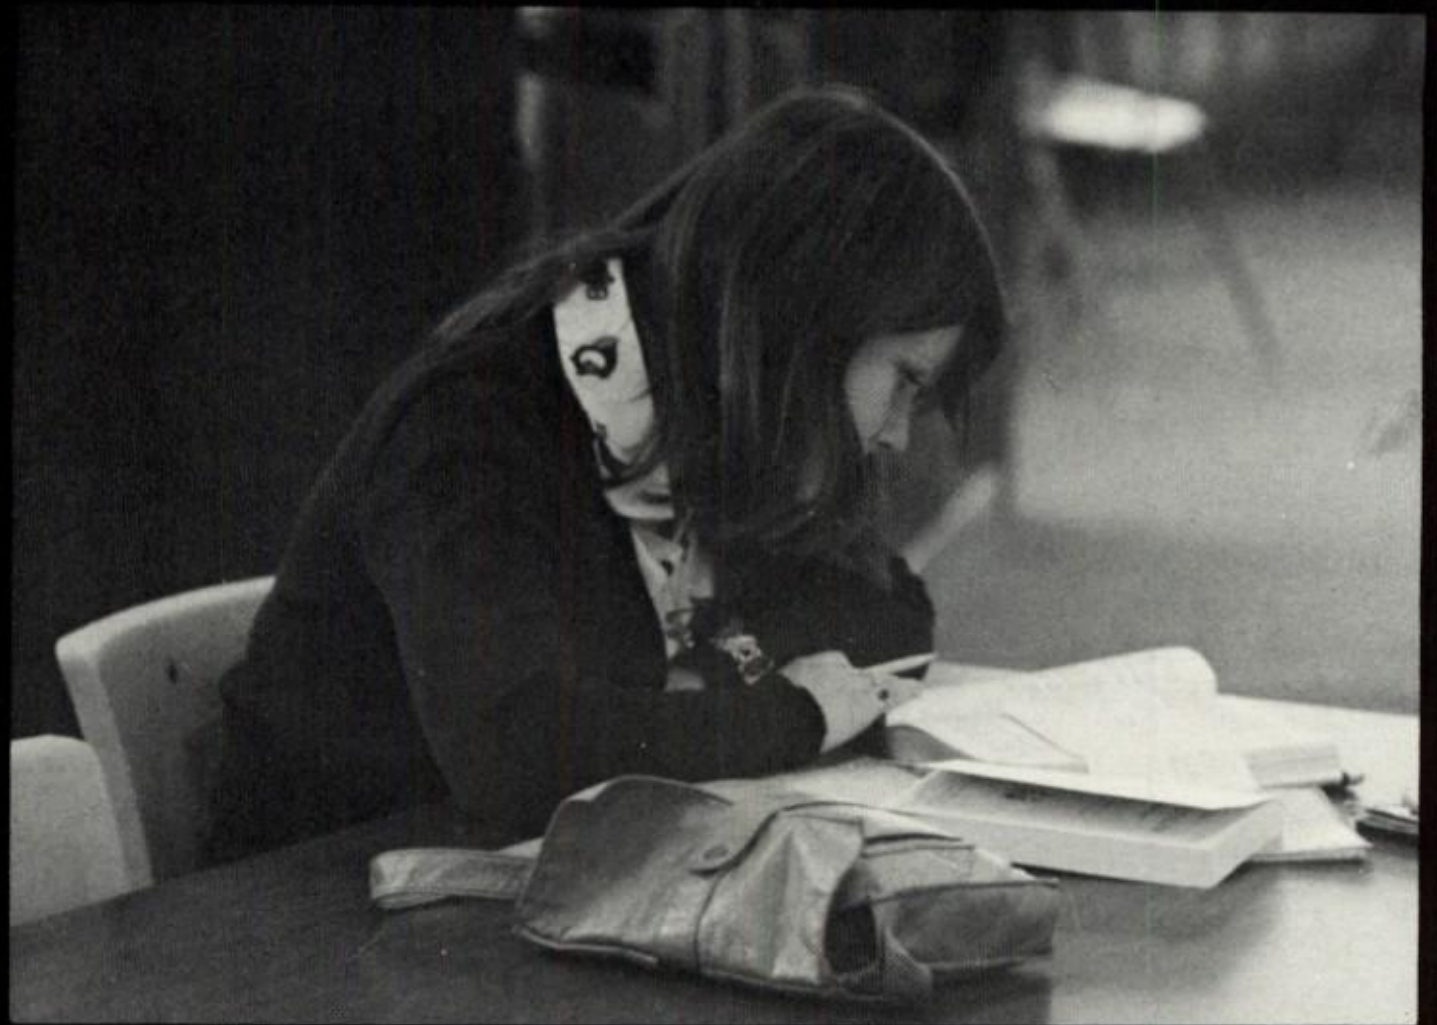

To work and learn . . .

To love and care . . .

To live and hope . . .

This has been our life, protected by family, friends,
and school.

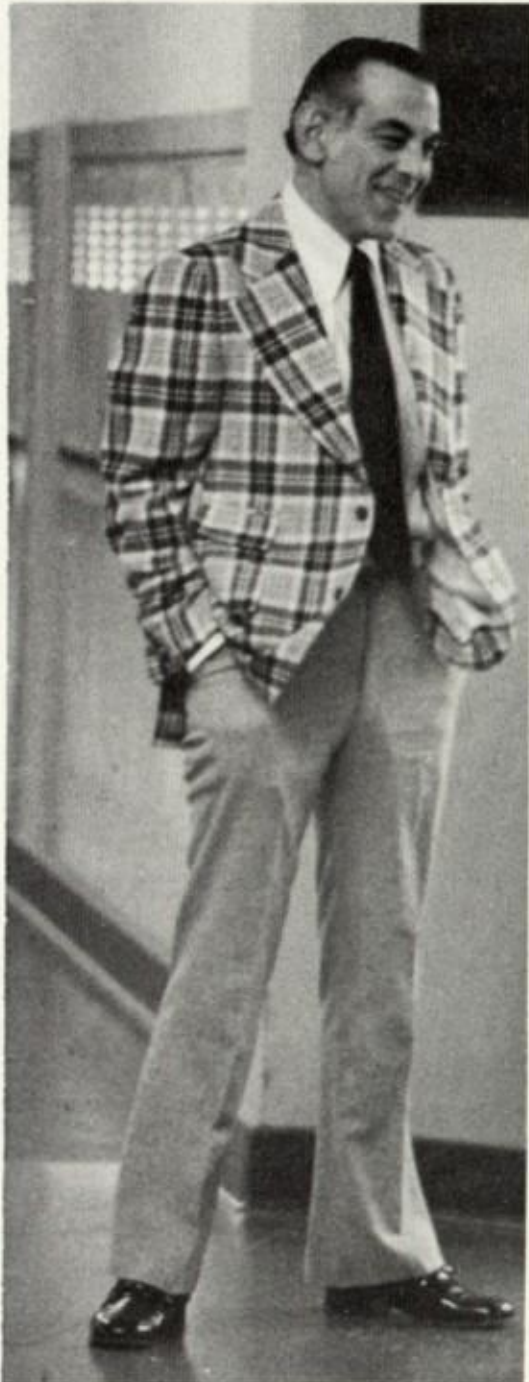

To the Class of '75

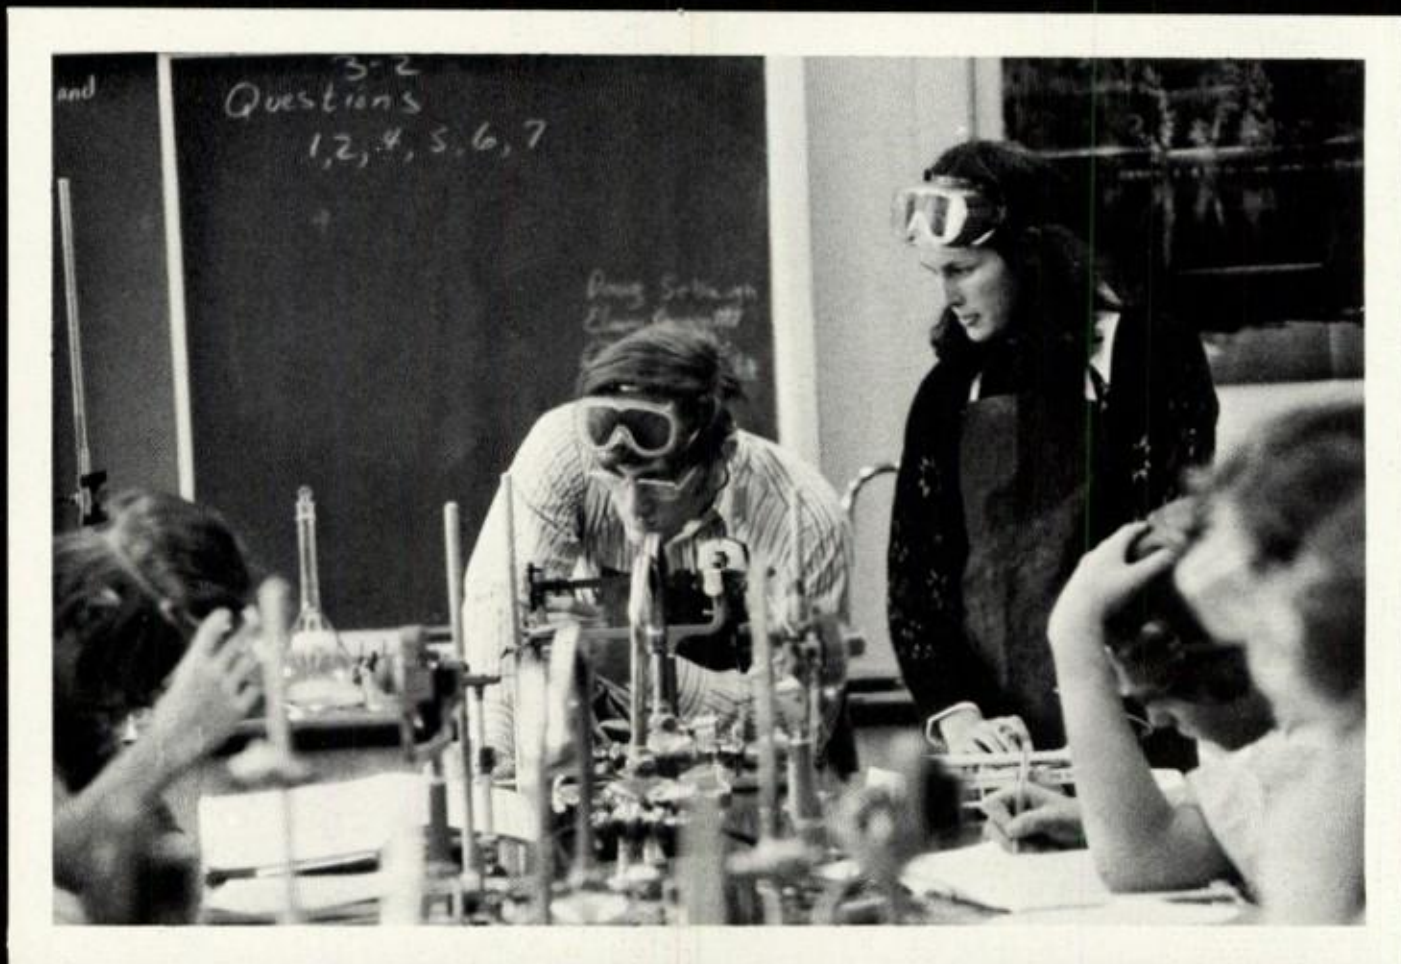

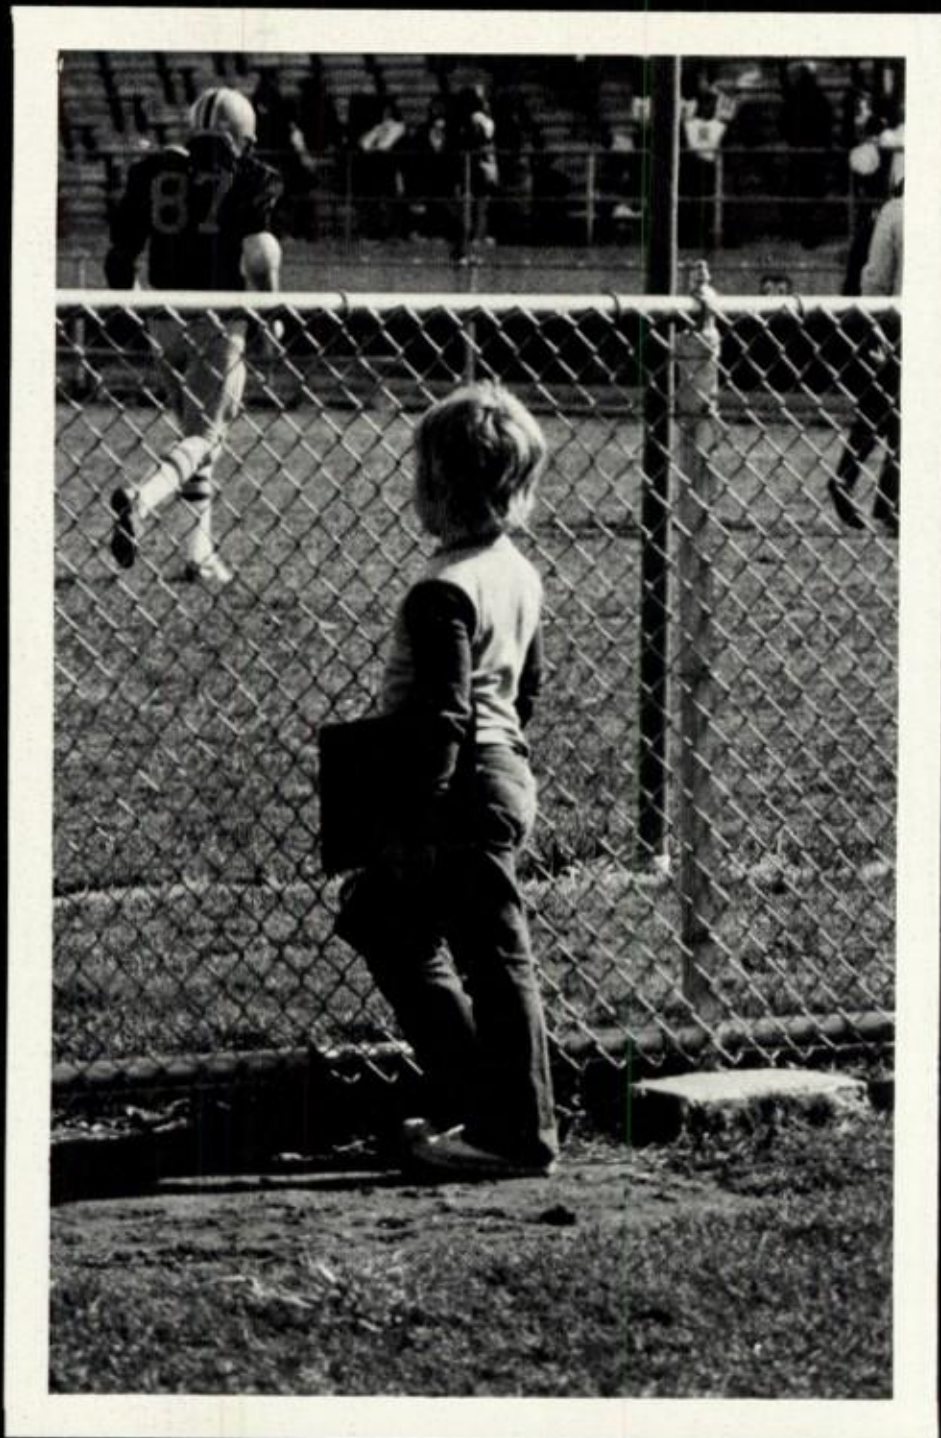

Going to school or teaching school is a little like an adventure--a lot of people find themselves going in the same direction, sharing moments of friendship.

Our paths began to parallel when you started in the 10th grade and I was given the wonderful opportunity of being Principal here at Rhodes. Your class was a first for me--and there's only one first!

Now, this part of our journey--these three years we have spent together--is over for you. You are graduating into a world that at times appears foreboding and full of problems. But, they are not insurmountable. They are, in fact, challenges that I know you will face squarely and win! I know this because I know you. It has been your flexibility, your wisdom, your loyalty and strengths that have helped keep Rhodes strong. I want to thank each of you for your contribution to the progress we have made.

One thing more, traveling with you these three years has been a warm and satisfying experience for me. For this I am deeply grateful.

Glossary

Yes folks, as you turn to this page and are not bombarded by Senior Mugshots, we're sure that you are wondering about all this useless copy in the middle of the page. Fear Not! This glossary, a collection of the most popular cliches of Rhodians will serve to let us know in about 20 years what our generation was really saying.

There is also the added bonus of giving OUR kids a good laugh.

BOGART (bo' gart). To keep for your-self what should be shared by EVERYBODY.

BOGUS (bo' gus). Anything downright lousy; in short, call it a bummer.

BOOGIE (boo' ge). An all purpose verb that can mean anything from walking down the street to getting into music. (Very handy if you want to make a quick exit. Just say, "Gotta boogie" and run!)

BUSTED (bust' ed). To be caught in the

act of . . . Typical response of onlookers is "What a bummer."

DSP--Auxiliary police force in Rhodes, headed by Mr. DeColibus; this organization has squelched communist activity at Rhodes, bombed perogi dinners at the Kremlin, and has aided the CIA coup in Chile.

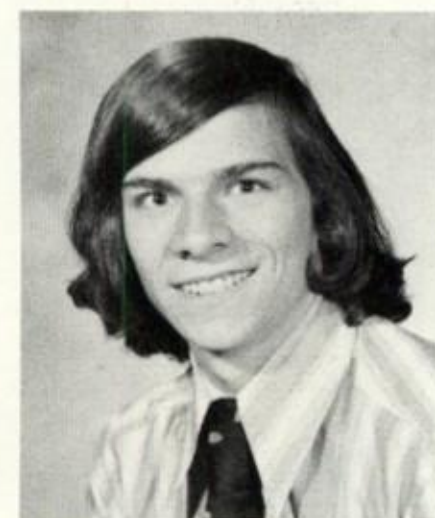

GET IT TOGETHER--(some people are a little more explicit as to WHAT they get together). This generally means getting your weight back up after wrestling, playing it straight for a few weeks or figuring out "where your head is at."

GETTING BUZZED--Having your hair totally mowed down, generally to the delight of some starving barber; a common affliction of in-season athletes and Sergeant Walton's recruits.

GO BANANAS--To get a bit carried away with something to the point that your friends pretend not to know you until you revert to sanity.

GROSS (gros). Anything totally disgusting, sickening, or vulgar (in short, anything Mom won't let you talk about at dinner.)

Glossary Continued

HASSLE (has' el). Any troublesome difficulty arising from an attempt to go against the established order (i.e., getting open lunch, student parking, etc.)

HEAVY (he' ve). Denotes anything extremely deep, philosophical, or totally mind-boggling.

KEEP COOL--An expression you use to

calm your friends when disaster strikes. **NEWT** (noot). Another one of those insulting names that are interchangeable with nurd, tard, schmo, or idiot.

PORK (pork). All purpose high school word that makes one sound illiterate in the presence of normal people.

RAZZ (raz). To irritate, bug, or drive your favorite schmo up a wall.

SPACED (spasd). That state of being completely out of touch with the real world.

TARD (tard). Anyone extremely obnoxious or irritating. Common characteristics

are: trying to be the class clown and not making it and still shooting rubberbands. **TRUCKING** (truk' ing). One more convenient word to sprawl across a T-shirt. (Remember the little men with the big feet?). This verb is about as versatile as boogie.

WHAT A BUMMER!--Common response to anything unpleasant. (Examples: morning detentions, monthly essays, Honor Study Halls). **SEE HASSLE** or **BUSTED** **WHAT THE PIE!**--An all purpose expression that slips out on occasion, making

one sound a bit behind the times. (Refer to **PORK**).

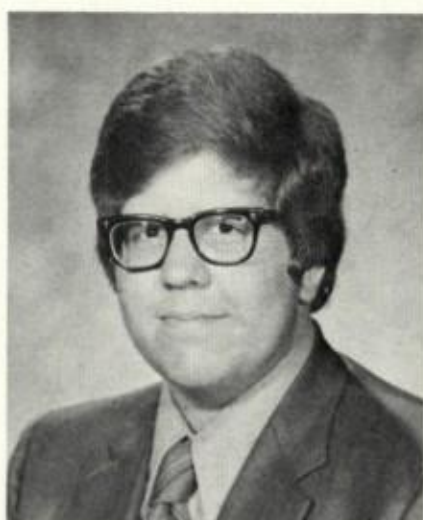

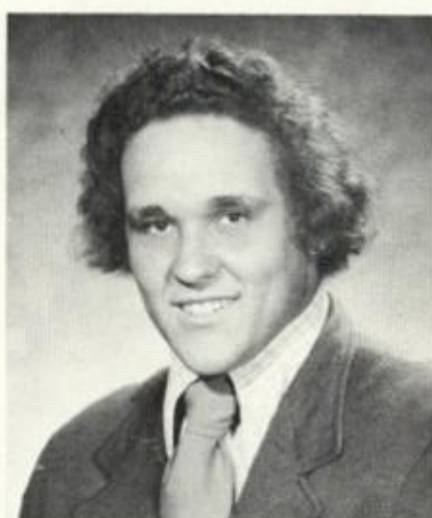

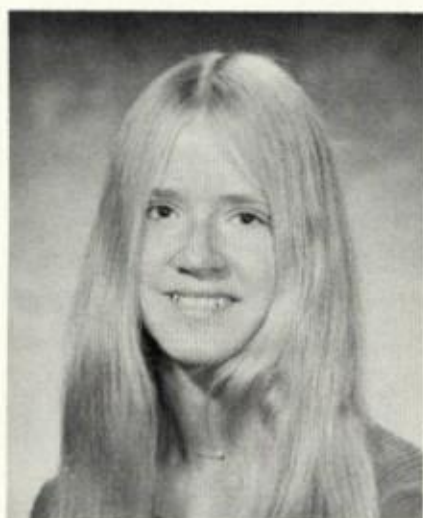

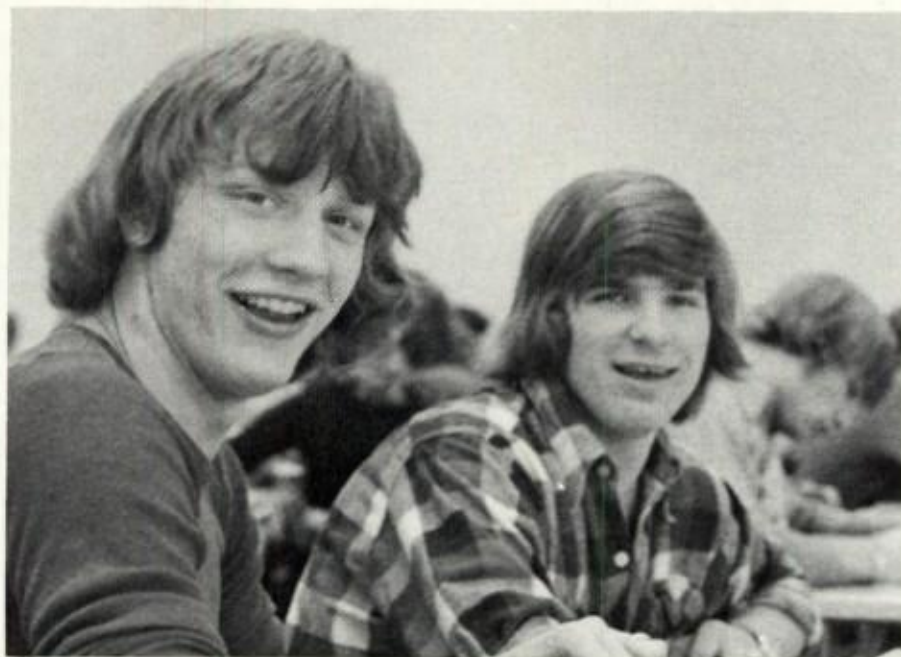

Perhaps your definitions are more colorful than ours, and we are sure that you could add a few of your own. By all means, this is not the final work. However, this glossary provides a comparison for the years to come.

EVENTS

'74 JR CLASS

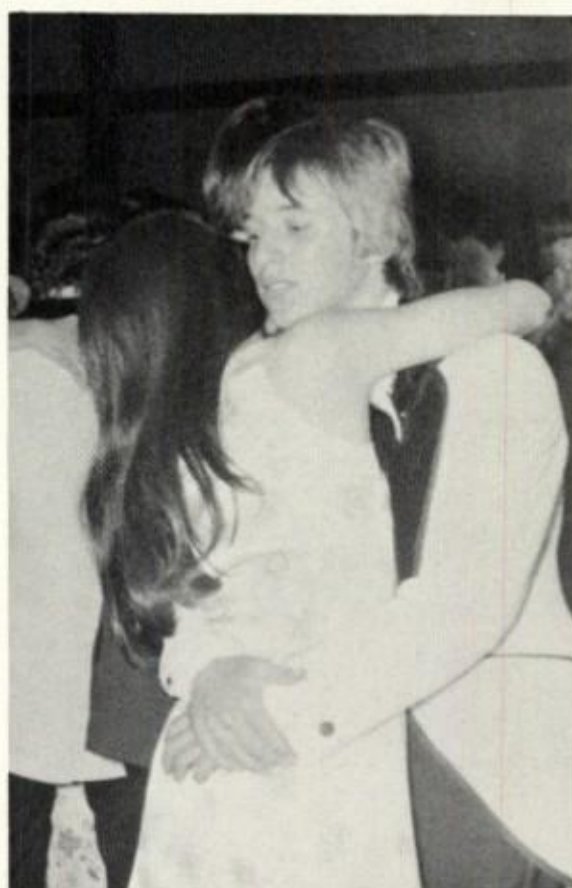

CAR CRAM

On November 10, 1973, the class of '75 achieved what may possibly be one of the biggest events of our class. Not only were we great in numbers, but our spirit and togetherness must have broken another record. We took pride in ourselves, our school, and our goal of raising money for junior prom. While numerous bystanders looked on, 68 juniors crammed into a volkswagon and crawled 33 feet to break the world's record. Organizers of this event were Sandy Teron and Cindy Ratka. The car cram was held in Parmatown Mall, much to the amazement of Saturday shoppers. We may only have gone 33 feet in the car, but as a class we went much further.

summer activities

Soggy, shoes, sparkling sidewalls, and soapy sidewalks were the end results of most car washes held over the summer. Lending a helping hand with the proceeds are (top left) Barb Heiman and Pat Karr. But summer was not all car washes, as the marching band and ramettes (lower right and center) work and play during summer practice.

Lauching the formal social calender of our senior year, Homecoming was on Saturday, September 28 in the gym. With a theme of "Crimson and Clover," the dance lasted from 8 to 11 with everyone dancing to the music of 1 Yere. Whether good or bad, Home-

coming will definitely be remembered for the game we won, part of the court kept in the locker room, a soapy fountain, the right date (?), the crowning of Sheryl and Joe, and Jan and Brian as runners-up.

SPIRIT

Spirit--It may not be for everyone, and many believe it completely gone--but there is a spirit at Rhodes that characterizes a vast majority of us. Spirit--it's the driving force behind us, whether it's going nuts in the stands, a convenient excuse to "party", or cheering on the team to win.

There must be spirit when the stands are packed with frozen fans, cheerleaders get hoarse, car caravans go honking along, and people tumble up and down the bleachers. From golf to girls' sports, there's always Rhodes' school spirit behind the team. For the past three years, it's been our spirit that has won us the sportsmanship award over all other Cleveland schools.

Coach Laderer

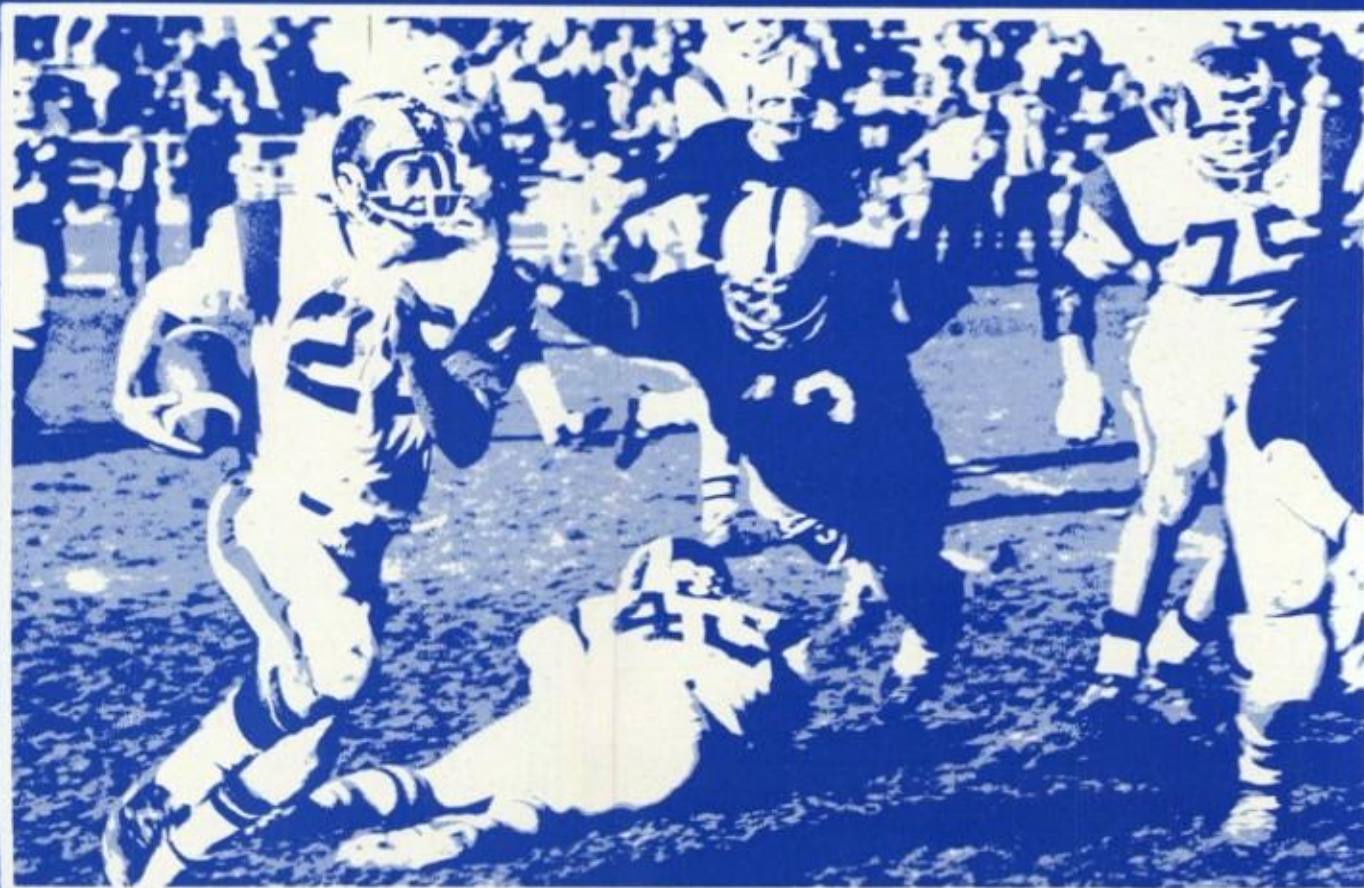

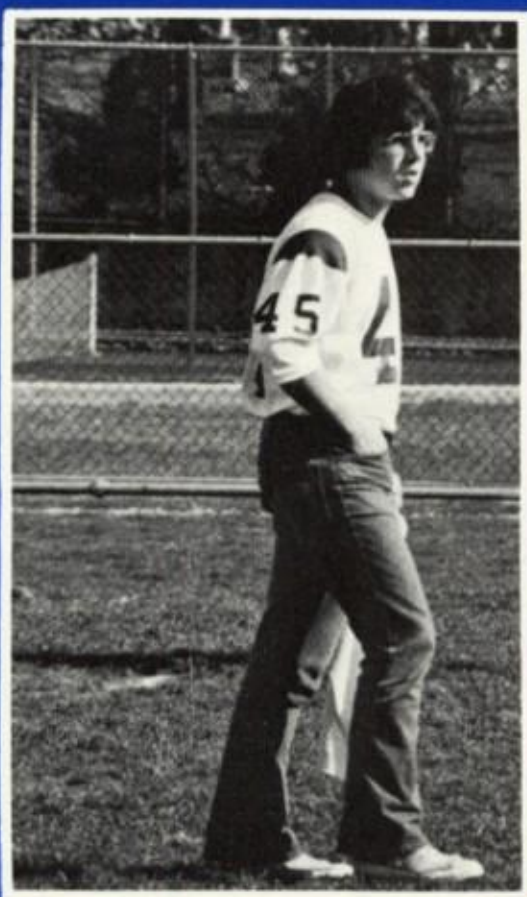

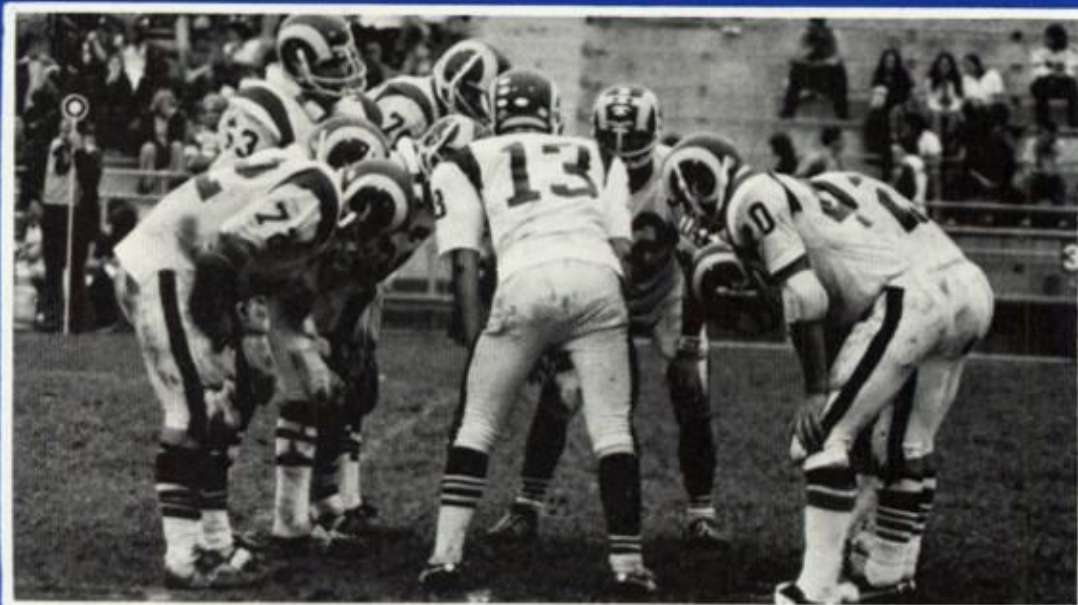

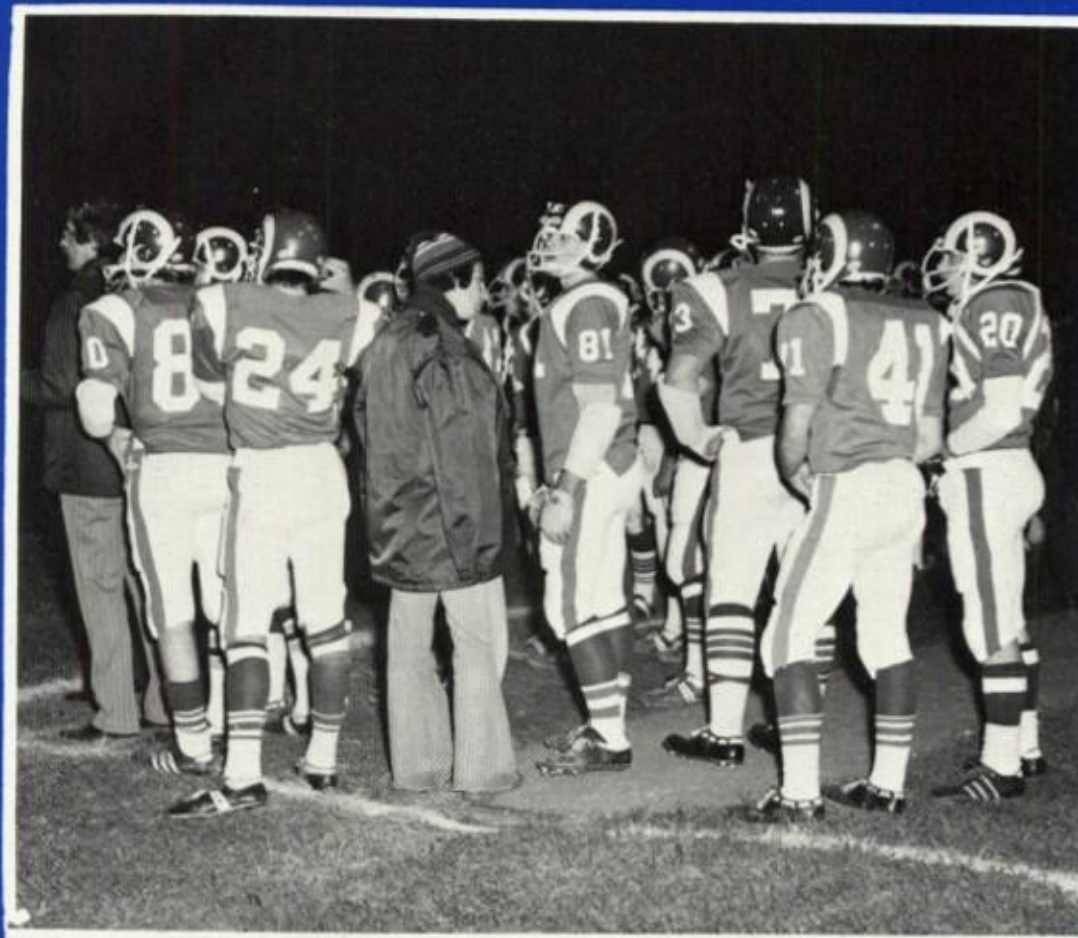

Coaches Reno and Franzinger

Although it started out well, the Rams ended the '74 season with a disappointing 3-5-1 record, taking 5th place in the Senate. An injury was sustained by Mike Malasca in the upset against Berea. Homecoming was also won, as tradition dictates, and our only snowy game against Lincoln-West was another upset victory. Deserving special recognition were Dale Gracon, Tony Zemla, and Joe Gigante who made the P.D. Dream Team and Brian Dorin and Joe Gigante who were voted All West Senate. Joe also received the Les Horvath and Best Defensive Lineman awards. Dave Martanovic won the James Dehaney and Best Offensive Back awards. Other awards went to Tony Zemla--Best Offensive Lineman and Bill Dudash--Best Defensive Back.

Unlike football or soccer, cross country is an individual effort as well as a team effort. Your team can be on the bottom but you can be classified a winner. After two years of frustration, Rhodes cross country team, captained by Ned Missig, came up with enough "winners" to take the West Senate title. Contributing to the victory were Most Valuable Seniors Bruce Page and Doug Burkert, Most Improved Runner Bob Leibold, and Outstanding First Year Runner Kevin Quinn.

Once again the girls compiled a perfect regular season record, but the playoffs were a different story. Losing a match to John Marshall and defeating West Tech threw the team into a three-way tie for first with South and John Marshall. The girls then proceeded to trounce South with the help of Donna Wurm who served a perfect fifteen point game. John Marshall proved a more difficult opponent. The girls managed to recover from a 10-1 deficit and go on to win the match. So the trophy came home.

BASKETBALL

You gotta love it.

Basketball is a mental game.

*two
points*

Although they tried their best, the Rams could not keep up with the tough competition throughout the West Senate, dropping all but two games. Unfortunately for Rhodes students, both games were held away and few fans were on hand to celebrate the victories. We love you mighty Rams deep down in our hearts.

Our time has run out, so now we would like to take this final opportunity to thank the following people, whose help made this yearbook possible; Josten's/American Yearbook Company and its representative Dave Pataky for his technical guidance; Stan's Studio, especially Mr. Bonk and Mr. Wenzel for their special favors; Mr. Kittelberger--our shrink; the library staff for providing us with a room to call half our own; Mrs. Thornburgh for handling our money; the Business Department for providing typewriters and doing mimeograph work for us; Mr. Turella for his advice and the use of his materials; Mr. DeColibus and John Michalakes for the many times they developed pictures for us in a pinch; Mrs. Matthews for the coffee and donuts and her low-ceilinged basement; Mr. Massa for his interest and encouragement; and most of all Miss Glaiter, who devoted endless hours to just getting used to us.

Initial steps  lasting friendships have been taken and some of the most memorable experiences of our lives have occurred.

Tomorrow we will take wing on another venture. Let nothing dim the splendor that lies ahead.

. . . only a dark cocoon
before I get my gorgeous wings
and fly away.
